Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	I'm an resident who endures from unclean water issues.	I'm attempting to take an drive of consuming unadulterated stream water that forestall major and minor well being issues in individuals.	Be that as it may, I can't achive because of that I can't find appropriate strategy than manual rehearses or on the other hand can't see as a well-suited item.	Since Of harmful condition of water we can't to utilize it effectively since it makes major and minor wellbeing issues to townspeople.	It makes me disappointed what's more, makes me liable for the wellbeing and Risk factors that the locals take.
PS-2	I'm an Farmer.	I'm creating food and Scrounge crops.	But often get disappointe d due to chemical imbalance in the water Supply from river.	Since use Of fertizliers Itself produce fundamental development in crops the untreated stream water Makes rot of crops which goes to squander.	It makes me to feel The Dumb founded about my Cultivating methods and endurance.
